### Lochland Club Opens Season

Lochland Country Club opened the 1968 summer season with a bang.

The first annual Hey Rube tourney, with a shotgun start, ignited the campaign.

And, when Bud Williamson Jr., club pro, fired the shotgun to start the meet he "managed" to kill a bird. The dead fine-feathered friend was part of the booby prize for the day.

Winners of the 36-hole, best ball foursome event, were Bill Laird, Fred Zickfeld, Bob Byrd and Art Williams, with a score of 127. Next were Dr. Paul Winkler, Maynard Kully, Clarence Anderson and Bill Burhans with a 130.

Hey Rube mixed two ball winners were Ruben and Kay Schneider with a 58 minus 24 for a 34 total. The tourney is named after Schneider.

Second were John and Loretta Boumann, 50 minus 15 for 35; third were Mardi Miller and Joe Shampanier, 46 minus 10½ for 35½; and fourth, Jerry and Marge Whelan, 58 minus 22½ for 35½.

Les and Judy Johnson won the medium prize.

Flag winners included:

Shortest drive on one, Judy Johnson; closest to pin on three, Mr. and Mrs. Wally Hopp; closest to pin on four, Mr. and Mrs. Monte Malouf; closest to pin on six, Mr. and Mrs. Joe Shampanier; longest putt made on nine, Joe Shampanier; closest to pin on two, Mardi Miller and Joe Shampanier; most balls in the lake on eight, Mr. and Mrs. Frank Boyd.

## Women's Invitational at Lochland

The first annual Lochland Women's Invitational is scheduled Tuesday at Lochland Country Club. Bud Williamson Jr., club pro, eyes the first place team trophy offered the gals this spring. Members from 42 area clubs, including some in Kansas and Iowa, have been invited to compete in the Hastings affair. Action gets underway early Tuesday and individual and team champions will be crowned late on the same day. (Tribune Photo by Pat Patterson)

If it appears everyone is ganging up on one person, that is the way the old ball bounces.

After all, say the gals, she's the champion and the one everyone is shooting for.

**TO BE CHALLENGED**

She refers to Marge Smith, City Women's Golf champion the past four years. In fact, she has been kingpin since the tournaments inception. And, she's all set to defend that title as the meet opens next week with qualifying rounds scheduled for Tuesday.

All tourney action will be at Lochland Country Club this spring, with the finals on tap for Thursday and Friday and an awards dinner Friday night at 6:30 p.m.

Entry fee is \$3. Tickets for the banquet carry a \$3.50 price tag per person, and husbands and boyfriends are welcome.

Qualifying rounds cover nine holes. Players in the championship flight will go 18 holes on each Thursday and Friday. All other flights will play just nine holes each day.

Added incentive this year is a point system to determine a team champion, as well as individual crown winner, with a big trophy going to the winner.

**BETTER CHANCE**

All entries from each club, in each flight, can help the team win the diadem, with first place finishes good for 25 points, second for 20, third for 15, fourth for 10 and fifth for five.

The more golf entries, of course, the better chance a club has to win the team title.

There will be a putting and chipping tournament, too, in conjunction with the regular

argument. All tournament and non-tourney golfers can participate at 25 cents per round. This portion of the golf carnival will be on the huge putting green of the monster Lochland course on the final two days.

Members of the golf committees setting up the wheels of organizing the tourney are Mary Walley and Marge Williams at Lochland, Eve Meyers and Doris Kadel at Meadowbrook and Shirley Engh and Billie Drago at Southern Hills.

Lawrence. And, Kay toured Lochland with a blistering 46 earlier this week.

So, look for all hell to break loose in this one!

There will be golf Tuesday at Southern Hills Country Club for all members not playing in or attending the tournament. Gals are urged to make up their own foursomes. And Lochland members can form foursomes and plan to play, because qualifying rounds will be fired on the back nine and members are permitted to play on the front half on their regular day.

Bud Williamson Jr.

Bud Williamson Jr., club pro who will be in charge of tourney play, says the huge fairways are in "excellent shape," which should provide for one of the best women's tournaments ever.

**Scoop's Selection**

It's almost Tee Time — and time for the Tribune's fearless scribe to go out on the guessing limb. Sez Scoop: Methinks you can't go against a winner, especially a consistent one, so don't bet against defending champion Marge Smith for a repeat title. Bobbi Hopp looks like a good choice for runner-up. Kay Morrow should finish strong for third place.

The host club has the best chance for the team title this year because of more entries. Lochland is represented by 25 gals. Meadowbrook Golf Club by 11 and Southern Hills Country Club by eight.

Doris Kadel and Mardi Miller fired blazing qualifying rounds and a pair of teenagers served notice they must be reckoned with as the fifth annual City Women's Golf Tournament opened Tuesday at Lochland Country Club.

Mrs. Kadel carded a 46 on her qualifying round, Mardi posted a 47 and Kay Morrow and Cyndy Friend finished with a 48 and 49 to ignite the city links affair.

tees off from number ten and the first and second flight starts at number one.

Only the championship argument, with eight competitors, covers 18-holes.

On Friday a reverse start is on tap with Lochland pro Bud Williamson Jr. scheduling the first and second flight starts from number ten and the other two divisions on the front half.

Mrs. Kadel logged scores of 6-5-3, 5-5-4 and 6-5-7 to top Mardi by one stroke. Mardi's scorecard showed rounds of 7-6-5, 5-6-4 and 4-4-6.

### POSE THREATS

Cyndy is a real threat to Marge Smith if for no other reason but that the 13-year-old junior high student gained top honors in the Cow Chip Open earlier this spring — proving tourney pressure means nothing to her.

Kay is another teenager who doesn't press the panic button. The Meadowbrook golfer led her mates to the championship throne room only last week in the Lochland Invitational, so knows the course well, too.

Cyndy's mother, Elise, recorded an identical score of 49 to gain a berth in the championship bout. Others earning tickets in the tough field are Beulah Bone of Southern Hills with a 51 and Bette White of Meadowbrook with a 52.

Other pre-tourney favorites and dark horses registered scores in the low 50's and will be top challengers for individual prizes.

Putting and chipping contests are scheduled for Thursday and Friday of the tournament. Any woman, tournament or non-tournament player, is eligible to compete and can enter either or both portions of play as many times as she wishes. Special prizes to winners will be presented Friday night at a banquet at Lochland Country Club, although champions do not have to be present to collect the honors.

Women qualified on the back nine of Lochland's monster course.

### SMITH GAINS BYE

Marge Smith, defending champion — in fact, four-time kingpin winning since the tourney's inception five years ago — gained a bye into the championship flight.

Mrs. Smith was on the course, firing several practice rounds Tuesday, but would not divulge her scores.

### TOUGH OPPONENTS

Figured to give the four-time winner a real run for the money this year are Elise Friend, Betty White and Doris Kadel from Meadowbrook; Lou Bogan, Susie Moffatt, Beulah Bone, Naomi Thiel and Alice Barnes of Southern Hills; and Mardi Miller and Bobbi Hopp of the host club.

Bobbi is daughter of Hastings pro Wally Hopp and has turned in some top performances this year.

But, there are a pair of gals that have toured various courses this year in blazing fashion.

That could be none other than 13-year-old Cindy Friend and Kay Morrow, another teenager. Both are eligible to play and are entered, as members of the Meadowbrook team.

### REGULAR GOLF, TOO

Cyndy has already garnered one Open championship this year — the Cow Chip Open at

# Kadel's Bid in City Women's Golf Tourney No Major Surprise!

By DOYLE E. SMITH  
(Tribune Sports Editor)

When Doris Kadel fired the lowest qualifying round of 46 in the fifth annual City Women's Golf Tournament, it was no accident.

Mrs. Kadel has been working on her game religiously this spring. Tips from Meadowbrook Golf Club pro Dave Williams have been helpful. Daily sessions on the putting green have improved her scores tremendously.

## NEW GOLFER

Doris placed high in the championship argument of the first annual Women's Cow Chip Open at Lawrence a month ago, grabbing third place one stroke behind runnerup Elise Friend and four strokes off the pace of Cow Chip Champ Cyndy Friend, a 13-year-old junior high student.

Both Elise and Cyndy earned tickets to the championship flight of the city tourney, too.

Mrs. Kadel has been golfing less than four years. She believes the monster Lochland playing area offers a stiff challenge—especially to women.

"The holes are much tougher pars, particularly on the back nine," she laments.

## LOVES GAME

Doris quickly adds, modestly, that it's tough for her to shoot par golf at her home park, Meadowbrook. "I enjoy the longer course, though," she states.

The championship hopeful is a wife of a doctor, who doesn't play golf. "But I love the game," she comments.

There's no mistaking Bobbie Hopp, 22-year-old daughter of Hastings pro Wally Hopp. The former Minden high school teacher, who has signed a contract at Fremont high for next year, encountered some troubles on her qualifying round, including landing in the lake once. Like dad, she spent the next two hours with 100 balls practicing on chipping and putting. And, when you watch her tee-off, it's obvious who taught her the game.

Many women were responsible for seeing that a city tournament to decide an overall champion became a reality. Many have worked hard this year to produce a good meet.

## MRS. WILLIAMS HOPEFUL

Two gals whose untiring efforts were a must in order to make it possible this year are Marge Williams and Mary Walley of the host club.

Marge, in fact, has nursed the machinery of the city tourney from infancy. There have been others, but none more

The gals were idle Wednesday. Thursday, the eight-field championship flight was to tour 18-holes, the president's and first and second flights nine holes. Then on Friday the extravaganza winds up on the same basis.

# Smith and Miller Battle for Honors In City 'Golffest'

Marge Smith and Mardi Miller Thursday waged a tremendous battle for the lead in the fifth annual City Women's Golf Tournament, which winds up Friday.

Both gals carded 18-hole totals of 91 to enter the final two rounds of play deadlocked. **WEATHER TOUGH**

Marge is the defending champion and is seeking her fifth straight title in the five-year-old tourney. She drew a bye into the title argument while Mardi fired a nine-hole qualifying round of 47.

Tournament players were forced to fight scorching temperatures reaching into the 90's and encountered problems on the wind-swept course all day long. The wind made it difficult to keep balance and it was tough to tee-off—because of the on and off strong gusts the white pill would either fall short of the target or be overshot.

The nature of the wind, which reached 35 mph at times, caused the ball to scoot every way possible on the putting greens, too.

Mardi, who is moving to Oregon next month and would like very much to take the championship in her final bid in the Queen City, made a great recovery during the day.

She started with a 48 on the back nine but turned in a blazing 43 on the front half, which was her final round of the day. On number eight, especially, she made a tremendous effort pay off after plucking one in the lake. Mardi, determined not to be baffled, ended up on the green—almost dropping the ball in three strokes—and finished with a nifty four count.

The dedicated Mrs. Smith opened with a 46 on the final nine holes of the monster Lochland course and toured the front half with a 45.

77: Joyce Corles, 80: Rachael Thiel, 83: . . .

## GAMES DAMAGED

Wind and heat played havoc with many of the games as the conditions sapped strength from the players in the early going, especially the eight competing in the 18-hole championship bout.

Cyndy Friend, the 13-year-old junior high student who qualified with a 49 logged marks of 46 and 47 for a 93 to capture third place, but Kay Morrow, the other teenage dazzler who sizzled with a 48 on the initial day had difficulty and registered rounds of 51 and 47 for a 98.

The wind and heat also helped damage the games of Doris Kadel, who recorded marks of 49 and 50 for a 99.

After the initial day of tourney play Phyl Glass holds the lead in the president's flight, Susie Moffatt and Dorothy Clayton are the first flight pacesetters and Annette Yetman and Nadean Hoelck are tied in front of the second flight action.

An awards banquet at Lochland will follow final play Friday at 6:30 p.m.

## Championship Flight

Mary Smith, 45-46-91; Mardi Miller, 43-48-91; Cyndy Friend, 46-47-93; Kay Morrow, 51-47-98; Doris Kadel, 49-50-99; Betty White, 51-51-105; Elise Friend, 51-55-106; Beulah Bone, 53-52-110.

## Marge Smith Adds to List of Accolades

Marge Smith, unchallenged golf queen of Hastings, won her fifth straight City Women's Golf title last week in the fifth annual affair staged at Lochland Country Club.

Marge Smith is no newcomer to the championship throne room.

And, she's from a family that knows the victory path well, too!

Her husband, Hal, has logged four holes-in-one in Hastings in recent years. The ace, scored at Lochland Country Club, Southern Hills and at Holdrege easily are a record for one man in the Queen City.

### **SUPERB SOPHOMORE**

One son, Hal Jr., was a stand-out performer for Hastings high school and later Hastings College. He is now in the service and competes in golf tournaments throughout Germany.

A second son, Gene, turned in a pair of superb performances as a sophomore for the Hastings Tigers this past spring campaign. He's now working at Lochland and is among the first entries in the Hastings Tribune sponsored Junior City Golf Tournament.

Gene will be an early favorite, too, not just because he's from a family accustomed to winning golf crowns, but because he is tough on the links.

A daughter, Lovi, is no slouch in her age group, either.

### **TYPICAL TRIUMPH**

Marge garnered her fifth city title in great fashion last week. The triumph was typical of the Smith family.

There are few who will argue. Marge is the best in the city women's golf circles.

# Domination Scene by Winning Fifth Straight City Women's Golf Crown

Mrs. Hal Smith continues playing consistent golf to be a consistent winner.

Marge, in fact, completely dominates the female golf scene in Hastings by sweeping to her fifth straight City Women's Golf Tournament championship in the fifth annual event completed Friday at Lochland Country Club.

### SERIOUS THREAT

The kingpin carded totals of 45 and 45 to go with a 91 posted on Thursday as she beat out runnerup Cyndy Friend by six strokes, 181 to 187.

Cyndy, the 13-year-old junior high flash, promises to be a serious threat in another year after logging rounds of 46 and 47 on Thursday, mushrooming to a 50 on the front nine Friday, then rebounding for a 43 in the eight-field top division.

The young blazer qualified with a 49 while Mrs. Smith gained a bye into the championship argument via her past victories.

Friday's triumph was typical of Marge.

She entered the final day of firing deadlocked with Mardi Miller, who has been a challenger for the top spot in past years, and posted a qualifying mark of 47 this spring.

### FINAL DRIVE

Smith's score card showed marks of 5-6-4, 9-4-3 and 5-3-6

for a 45 on the front half of the monster fairways, then 5-6-4, 6-5-3 and 6-4-6 on the back nine.

Mardi, meanwhile, skied to 50 and 53 to finish fourth with a 194 behind third place finisher Kay Morrow with a 190 and runnerup Cyndy.

Phyl Glass charged home for an 18-hole total of 103 to win in the president's flight, Susie Moffatt gained top prize in the first flight and Nadean Hoelck won the second bout diadem.

### Scoop Scores!

The Tribune's fearless sports scribe tabbed the winner of the fifth annual City Women's Golf Tournament. Scoop Smith a week ago predicted Marge Smith would win the championship. He stuck to the forecast after qualifying rounds Tuesday and proved, once again, that he's really not the "Kiss of Death."

Mary Walley, one of the gals who spearheaded Lochland's efforts in manufacturing one of

the best city tournaments ever staged, didn't waste any time on the links, either.

### WINS PRIZES

She did a tremendous job in setting up the machinery to make the tourney run like clock work, then proceeded to win numerous prizes with a third place finish in the first flight and competing tough in putting and chipping contests that followed.

Mary, too, presided over Friday night's awards banquet—a first for the gals—that was well attended and received. She introduced Bud Williamson Jr., Lochland club pro, who in turn introduced other guests—including Meadowbrook Golf Club pro Dave Williams and his wife—and then presented prizes to the tourney winners.
